ABOUT ME

5 years ago I made aliyah from Finland. I love to travel and I am a true people's person. I have great communication skills and I am always up for a challenge.

Constantly wanting to develop and improve myself.

I made a career switch to become a front-end developer. Every day I am studying intensively. Programming is fascinating and after an intensive full stack boot camp course, I know this is the career I want to pursue.

WORK EXPERIENCE

Sep 2018 - Present

Freelance web development

Creating websites and other front-end related programming projects.
