WORK EXPERIENCE

Makes

2021 - Present

Tech Lead and fullstack developer

Link to app: <https://www.makesapp.co>

Makes is a mobile-first web app aimed at transforming the learning experience for kids aged 14-18 by gamifying the process, fostering lifelong learning.

Key contributions:

- Developed the full stack app from scratch using **React, Redux, NodeJS, Express, MongoDB, Jest, and AWS services such as Elastic Beanstalk, Amplify, and S3.**
- Programmed core features and functionalities.
- Designed the app's architecture, style guidelines, and design patterns.
- Implemented technological solutions to address complex problems.
- Mentored a team of 3 developers through knowledge sharing, code reviews, and promoting best practices.
- Collaborated closely with the product team to achieve goals in an agile environment.

Appleseeds Academy

2019 - 2021

Head fullstack trainer and content creator

- Led an intensive 6-month bootcamp teaching HTML, CSS, JavaScript, React, NodeJS, Express, and MongoDB to hundreds of students transitioning into high-tech careers.
- Developed and maintained all the content, flow, and exercises for the Bootcamp.
- Taught students fundamental and advanced web concepts, encouraging creative thinking and self-learning.

Appleseeds Academy

2018 - 2019

Teaching Assistant

- Supported instruction in web technologies.
- Assisted students in learning and problem-solving.
